The natural color reproduction from a photograph on front cover page, gives only an idea of the delicate loveliness of this wonderful variety—the most delicately beautiful dahlia in existence. The color, at base, citron yellow, outer half creamy white; both yellow and white mottled and overspread with roselane pink. Many petals showing faint yellow along midvein. All dusted over with tiny glistening crystal like particles as of gold dust. Form full and graceful. Size large 7 inches and more across, with great depth. Petals recurved, acuminate, none cleft; edges generally rolled in; slightly whorled or twisted tips. Blooms, erect to facing on cane stiff stems, well above foliage.

The plant is a strong vigorous grower of branching habit, producing the large, perfectly full flowers freely, on long, cane stiff stems until frost. Height 5 to 6 feet. Stock limited. Roots, \$5.00 each.

QUEEN ELIZABETH

This new Paeony Dahlia shown in color above is the highest type yet produced in the class. Note the wonderful formation of the curled center petals, which completely cover the center. This illustration is reproduced from a photograph of a flower over 7 inches across. The color is a beautiful rosy mauve. The large flowers are facing, on very long (2½ to 4 feet) stems, slender, yet stiff, holding the flowers erect. The plant is a very clean, strong grower and free bloomer, every shoot produces a flower. It is a variety that just will bloom. A flower that should be in every collection. Valuable for cutting, exhibition and the garden. Roots, 75c. each.

SPECIAL OFFER. We will send one root each of Mary Steffenson, Queen Elizabeth and Golden West Cactus, prepaid for \$6.00.

"Mecca" of DahliaLovers. More than 10,000 visitors weekly at the World's Largest Dahlia Farm

A GAIN we come to you, with thanks for your generous patronage in the past, and assurance that we will give as near 100 per cent. efficiency as is possible in the future. On the following pages will be found THE PLAIN TRUTH, about THE WORLD'S BEST DAHLIAS. Large, very large, medium or small, together with color, form, or other characteristics, as we see it here, will be set forth.

We are glad to note the craze for size alone has about run out. A Dahlia now must have more than size to commend it. Of course we all like to exhibit a flower larger than ever before shown, but, nothing can take the place of those brilliantly colored beauties, or those exquisitely formed, delicately tinted, medium or even small sized flowers, with good stiff slender stems, that lend themselves most admirably to all kinds of decorations—garden, home, hall, business establishment or personal adornment. For after all it is only natural to love the beautiful and artistic, rather than the Bizarre. We may like the elephant, but we love the horse.

THE PEACOCK DAHLIA FARMS ARE THE LARGEST IN THE WORLD and have the largest and best equipped warehouse and storage cellar, a section of which is shown above. It contains 11,288 sq. ft. of floor space and 125,420 cubic feet of space. It is built of concrete, with an electric light plant attached, and a heating plant located 75 ft. away.

OUR MAIN FARMS are located at Williamstown Junction, on the Atlantic City branch of the Reading R. R., Ferry foot of Chestnut Street, Philadelphia, one mile south of the famous White Horse Pike from Philadelphia to Atlantic City, also 2½ miles by direct road from Berlin.

We cordially invite all to visit and see for themselves the LARGEST DAHLIA FARMS IN THE WORLD—THE HOME OF THE WORLD'S BEST DAHLIA.

ORDER EARLY It will greatly facilitate shipments if orders are sent in early. We aim to send out orders the same or the next day after receipt, but during the rush season this is impossible—hence the advisability of ordering early. If you so desire we will reserve and send at planting time or any date you name, otherwise orders go out at once weather permitting.

Guarantee. We guarantee every plant, bulb or root sent out by us to be just as represented, absolutely true to name, reach destination safely in perfect condition, and prove entirely satisfactory; we will cheerfully replace any that should prove otherwise.

Terms. Cash with order. Remittances may be made by Bank Draft, Post Office or Express Money Order, or Registered Letter at our expense and our risk.

Forwarding. Dahlia Roots and Plants are sent by mail postpaid at prices named herein; but larger stock will be sent by express, charges collect, and "Extras" are added to help cover charges. Dahlias are billed at "2nd class" rates and in most cases are one-third (⅓) or 33⅓ per cent. less than regular merchandise rates.

Errors. While we exercise every care, errors may occur occasionally. In such a case kindly notify us at once, and correction will be promptly and cheerfully made.

Name and Address. Be sure and write name and address plainly on each order or communication.

View of a field of Cactus Dahlias

NEW INTRODUCTIONS FOR 1922

BRECKLOIT (Decorative). A new creation that will soon find its way into every dahlia garden. Color a rich velvety crimson, shading to maroon. Flowers large 6 to 8 inches and held facing on stiff erect stems well above the foliage. The plant is a strong vigorous grower, of branching habit and an extremely early and profuse bloomer. Height 4 feet. Roots, \$5.00.

CANADA One of if not the largest of all white Paeony dahlias. The flowers are massive, with heavy petals, and are held erect on long stiff stems. An early, free and continuous bloomer. The plant is strong vigorous and healthy, exceptionally fine for cutting, exhibition or garden. Roots, \$5.00.

DR. JOS. L. LANE A most pleasing Paeony of the Geisha type, but larger and softer in coloring, while the plant is much stronger and more vigorous, with dark healthy foliage. Color yellow, suffused golden orange at base of petals, shading to rich bronzy scarlet toward the center and tinting lighter at the tip. Roots, \$5.00.

IMMOKALEE (Decorative). Entirely distinct. Color nopal red in heavy mottling and suffusions over underlying analine yellow. Perfect decorative form, with edges of petals inrolled, trowel like; rounded tips, some shallow, not notched; under petals opening in trumpet form. Bloom held facing on splendid stems, well above the foliage. A strong, healthy vigorous grower of medium height, branching and a free bloomer. Roots, \$2.00.

LUMESCH A cross of Mme. A. Lumiere and Mme. Eschenauer. A most beautiful and distinct variety of hybrid cactus form. The color is white suffused pink, heavily shaded carmine. A popular color combination, that is pleasing and effective. An early and free bloomer. Roots, \$3.00.

MEDUSA (Decorative). One of the largest Dahlias grown and an entirely new type. The long pointed bud is held erect on the cane stiff stem, and as the flower expands the long narrow petals unfold with an individual twist. Color a luminous rose red, tinting lighter at tips of outer petals. As the flower develops the long twisted outer petals reflex downward, in a most novel and pleasing manner. Size 8 to 10 inches with petals extended. Roots, \$10.00 each.

MRS. F. F. SCHOCK (Decorative). Large, regular, perfect form; inner petals cupped, outer flat and reflexed in most approved manner. Color picric yellow at base of petals, blending to almost pomegranate purple at the tips. The plant is strong vigorous and an early, free and continuous bloomer on long stiff stems. Roots, \$2.00 each.

MRS. J. HARRISON DICK (Decorative). One of the most valuable new varieties of recent production. Color citron yellow at center, outer petals suffused and overlaid salmon pink, a lovely and effective combination, especially under artificial light.

The plant is a wonderful grower of medium height and branching habit producing the perfect flowers in greatest profusion on long stiff stems. The flowers are medium to large 5 to 7 inches in diameter and are held facing on the cane stiff stems. Valuable for exhibition, cutting and the garden. Roots, \$2.00 each.

OCTOBER (Decorative). Autumn yellow suffused and tipped red. A splendid "Autumn shade" variety, that remains perfectly full to the center until killed by frost in November, the large flowers are produced freely and held facing on the long stiff stems. Roots, \$2.00 each.

One each Mary Steffenson, Queen Elizabeth and Golden West Cactus by mail postpaid for \$6.00

OLIVE THOMAS (Ball). A great improvement over Arabella and Mary Pickford. A truly beautiful ball of large size, splendid form and exquisite coloring. Color creamy white, shading to primrose, suffused rose and heavily tipped carmine rose. Plant is strong, vigorous and healthy. The flowers are produced freely on long stiff stems. Roots, \$2.00 each.

RUBE GIRL (Cactus). A remarkable bronzy or "Autumn shade" variety that has forged to the front as a garden plant, and is especially valuable as a commercial cut flower. Color soft yellow, suffused, overlaid and tipped coral red, giving the flower a bronzy effect, that lights up wonderfully under artificial light. The plant is semi-dwarf (4 feet), of branching habit, and an early and extremely free bloomer, producing the always perfect flowers facing on long, slender stiff stems. See cut, page 8. Roots, \$2.00 each.

SHEBA (Decorative). A remarkably charming and effective variety that is sure to become a universal favorite. Color petal tips white; broad band of white along midvein toward base, both edges cardinal—darkest on opening petals at center. Form: Fluffy, loose, artistic, stylish. Size: 5 to 6 inches, with beautiful, full, pointed center. Petals recurved, twisted and whorled; some half spiral edges, some inrolled trowel like; other edges rolled back. Tips acuminate, none cleft. Some petals project forward giving depth. Petal line effect wavy and sinuous. Blooms facing on perfect stem well above foliage. Roots, \$2.00 each.

SPECIAL OFFER. One root each of the 12 Distinct New Dahlias described above and now offered for the first time for \$37.00.

10 REMARKABLE NEW DAHLIAS

CHARLES LAWRENCE One of our new Florida productions, No. D. 2. This is the immense rich crimson decorative that attracted so much attention the past two years, at our farms, and at our exhibitions, at Wanamaker's, in Philadelphia. Color, full crimson, richly shaded. Size, 7 to 8 inches across and 3 to 4 inches deep; of great substance and a good keeper. It is of splendid form, with full high center, and as it develops, the outer petals reflex to the stem.

A wonderfully strong, vigorous grower, of branching habit, with dark glossy green foliage, showing its rugged constitution. The giant flowers are produced, freely and continuously, on long erect stems, with the flowers facing boldly. Height, 5 feet. Stock limited. Strong roots, \$5.00 each.

COPPER (Decorative). Broad fluffy, twisted petals of a beautiful copper shade, tinting with bronze and apricot. Large size flower on stiff stem. Roots, \$1.00 each.

GLORY of ARGONNE The most beautiful pink and white show dahlia grown. Color, delicate violet rose shading to white at center, perfect, even form on erect stem. One of our best, and fine for cut flower and exhibition. Roots, \$2.00 each.

INSULINDE (Hybrid Decorative). The finest and most artistic dahlia of distinct form with petals twisted and curled. Stems are two to three feet long, and flowers 9 to 10 inches across. Color, a rich saffron yellow shaded russet orange. One of, if not the grandest of Holland's introductions. Roots, \$2.00 each.

JAMES WELLER (Century). The finest of all single Dahlias, of largest size and the most beautiful color combination—a rich golden yellow, with one-third of each petal overlaid soft rosy red. The two colors blend most harmoniously and are very effective. The big flowers are produced freely on long stiff stems, and are remarkably long keepers. This variety is most striking and effective, and is one of nature's masterpieces. Height, 5 feet. Strong roots, \$2.00.

MRS. J. C. MORAN (Decorative). Large flowers of even form on erect stems. Color soft lilac shading white. Bush rather dwarf, but a profuse bloomer. Roots, \$1.00 each.

PATRICK O'MARA This sensational new decorative variety was awarded a Gold Medal by the American Dahlia Society, as the best Autumn shade variety in existence. The color is an unusually soft and pleasing shade of orange-buff, slightly tinged with Neyron rose. It is very large, 7 to 9 inches in diameter, and borne on long strong erect stems. It is a strong vigorous grower and free bloomer. The giant flowers are well formed, while the outer petals are most pleasingly irregular. Roots, \$3.00 each.

PORTHOS The nearest to "blue" dahlia yet produced. A beautifully formed lavender blue decorative, of medium to large size produced on long stiff wiry stems. Flowers susceptible to the sun. Should be planted to get partial shade during middle of day, or planted to bloom late, after the hot weather is over. Roots, \$2.00 each.

ROBERT SHEPPARD (Decorative). This is our D. 1, that has been admired so much for its many all-around good qualities. Color is ruby red, shaded and suffused maroon—a color entirely distinct. Flowers are large, 7 inches and more across, produced freely on long graceful stems. It is an early and continuous bloomer. Height, 5 feet. Roots, \$2.00 each.

TYRREL AUSTIN (Paeony). This giant new variety is a seedling of the well-known F. R. Austin, but is entirely distinct, being larger, entirely distinct in color and formation. Size 7 to 9 inches. Color, outer petals a rich carmine red, inner petals are beautifully blended and veined carmine, shades of yellow and pink. The petals are twisted and whorled in a most pleasing manner. An early and profuse bloomer and strong vigorous grower. A great acquisition. Height, 5 feet. Roots, \$2.00.

SPECIAL OFFER. One root each of the 10 remarkable dahlias described above postpaid for \$20.00.

What We Say Is So

The following letters tell the story. You can depend on everything in this catalogue.

THE J. D. LONG SEED COMPANY
J. D. LONG, Manager
BOULDER, COLORADO

Aug. 26, 1921

PEACOCK DAHLIA FARMS, Berlin, N. J.

GENTLEMEN:—Last spring we purchased several dozen of your dahlia, Queen Elizabeth, on your recommendation, but with considerable fear and trembling, for the reason we have often been disappointed in buying new varieties that we have not seen, yet were boomed by the originators or introducers.

Want to say that we have been most delightfully disappointed in this item for it is proving a most wonderful dahlia, coming up to all you claim for it and far surpassing our expectations.

The plants are robust and are almost covered with the large blossoms, on long, strong stems which hold the blossoms well up on the plant, so the mass of bloom can be seen at a long distance. It is proving very good also for cutting. In short, we could not at this time suggest an improvement.

Please quote us at once your price, wholesale, on this variety for next spring delivery.

Also, as we wish to feature QUEEN ELIZABETH in our next catalogue, we would like to secure from you a photo or the photo from which the cut was made that you used on your own catalogue.

We are also interested in a cut of Golden West, as used on back of your catalogue. Think we would not run in colors, but just black and white, though colors sure do show up fine as you have used them.

Yours very truly, THE J. D. LONG SEED CO.

CAMPBELL BROS.
VERNON, B. C., Dec. 18th, 1921.

PEACOCK DAHLIA FARMS, Berlin, N. J.

DEAR SIR:—I should have written to you long ago to thank you for your kindness in sending me some choice bulbs last spring which all did well and bore the most magnificent blooms I ever saw and I have been the envy of the whole neighborhood.

Some of the Dahlias I got from you started blooming along the middle of July and continued a mass of bloom until near the end of October when some frost came along and put them out of business. Our hospital here was well supplied while they bloomed and many a patient expressed their gratitude for the flowers.

I would like to get your catalogue for next spring. Again thanking you.

Sincerely yours, J. C. CAMPBELL.

We will send free on request our pamphlet on culture.

PEACOCK DAHLIA FARMS, Berlin, N. J.

GENTLEMEN:—Please advise if you issue a Catalog or Price List covering the Dahlias grown on your farms.

I have your treatise on the Dahlia and it is the best I have seen as yet. The grouping of the Dahlias into their various classifications, with the names of the best varieties leaves little to be desired.

Please also advise as to the best way to reach your farms, by rail.

Yours very truly, J. W. WELBORNE.

MR. LAWRENCE K. PEACOCK,
PEACOCK DAHLIA FARMS, Berlin, N. J.

DEAR SIR:—I have read your book on "Dahlias" and appreciate it. Have followed your instructions and as it is my first year in growing Dahlias, have had very satisfactory results.

Yours truly, E. C. BREX.

GLAN-AVON
GROSSE ILE, MICHIGAN
September 19, 1921.

PEACOCK DAHLIA FARMS, Berlin, N. J.

GENTLEMEN:—The Dahlias I bought of you have given entire satisfaction, they are by far the best ever grown at "Glan-Avon." Also I should like a copy of your book "The Dahlia."

Yours truly, H. LEONARD WILTON.

QUAKERTOWN, PA., Oct. 17, 1921.

PEACOCK DAHLIA FARMS, Berlin, N. J.

SIRS:—I had the pleasure to visit your place, a few weeks ago, it certainly was a wonderful sight. I wish to order some bulbs, so kindly send me your catalog of 1922.

Yours, MRS. J. FRED FISHER.

Decorative Dahlia, "MINNIE McCULLOUGH." (See description, page 9)

Dahlias For 1922

Once more we have added many new and improved varieties to our list, but have discarded still more, keeping in this way always our high standard—THE WORLD'S BEST DAHLIAS.

We not only offer our own productions but enthusiastically recommend and feature the best of other growers—we owe this to our customers and ourselves.

Mt. Union, PA., September 20, 1920.

MR. PEACOCK—DEAR SIR:—I talked with your secretary for a short time, while attending your Dahlia Exhibition at **Wanamaker Store**, last Thursday. Your unnamed "**Florida Hybrids**" are simply wonderful. The hybrid cactus dahlias are my favorites and will you kindly give me the names of a few of them.—MRS. JAY RUMMEL.

Chas. Lawrence, Robert Sheppard, Tyrrel Austin, Mary Steffenson, the 12 new introductions on pages 2 and 3 offered this year; also **Betty Austin**, pink H. C. and **Rosalia Styles** a giant paeony to be featured and introduced in 1923 are some of those "wonderful" varieties.

GOLDEN WEST CACTUS

See color illustration above, reproduced from a photograph. This is a California variety that is **in a class by itself**, in its color—that **rich golden, bronzy yellow, with the scarlet shading** at the base of the petals and the center. It is a wonderful grower, strong and sturdy, with heavy, clean healthy leaves, and branching habit, producing the large flowers freely on long, stiff stems. The flower is large, 6 to 8 inches across, the outer petals reflexing somewhat, and a full high center, making it very deep. It is the greatest seller as a cut flower, a winner for exhibition and a wonder as a garden plant. Should be in every collection. Price, roots, 75c. each.

On the last cover we show a collection of 9 lovely single dahlias in natural colors. Full descriptions will be found on pages 15 and 16. For great range and purity of colors, richness of shades, and delicacy of tints, no flower can compare with the newer single dahlias. All are early, profuse and continuous bloomers, with long, slender, wiry stems. Wonderful for all cut flower purposes and a riot of colors in the garden.
